= Tues

Prof. Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison, Wisconsin

Dear Jesh:

I'm sorry that I missed you Sunday. I was out playing tennis and Jean couldn't find me until too late to drive out to Willow Run. Naturally we will be very happy for Seymour to come by and I am writing him to this effect. I don't have a very clear idea about what he wants to do, but I suppose I'll find out. Give Esther our regards.

As ever,

Dave Hanney
